PUBLIC MARKET COMPANY GETS POSSESSION OF NEW QUARTERS

Work of Converting West Half of Thalheimer Block Into Modern Market and Arcade to Begin Monday—To Be Rushed.

The Phoenix Public Market company yesterday took possession of its new quarters in the Thalheimer block on East Washington street, and will at once begin the work of converting the entire west half of the block into a modern public market. The company secures immediate possession of the large central room formerly occupied by Murray-Anderson's and the three rooms on the west; the remainder of the building will be occupied next April. Arrangements have already been made or are now being consummated for the establishment of a modern drug store, grocery company and meat market in the west room of the four now available, and in addition to the market stalls for a bakery, clothing store and offices in the other rooms. The drug store, which will probably be the first to open in the new market building, will be located on the corner of Third and Washington streets. In the same room, and to the rear, will be the grocery store, with an entrance on third street as well as from the drug store. North of this will be a modern meat market, facing on Third street.

but also reached through the drug and grocery departments. A wide archway will lead from the drug department to a bakery and delicatessen, which will occupy the front of the second store. In the rear of this and throughout the entire third section will be located 43 booths for produce growers. A number of these have already been taken by growers. The booths will be arranged along isles extending from the Washington street front to the rear of the building, and here every day in the year will be found fresh produce from garden and farm.

In the large central section of the building there will be an arcade, with mens, and a number of others. Here will be a seed store, a men's furnishings store, shoes and clothing establishments, and a number of others. Here also will be located the up-town office of the Phoenix Railway company. Rest rooms for both men and women will be a feature of the arcade, which will be lighted throughout and thoroughly modern in every respect. Later on it is planned to establish a waiting room for suburban and city passengers of the electric railway at the Fourth street corner of the block.

The Public Market company takes possession under the terms of a twenty-year lease, the deal having been handled by James Griffin, "Alone". Workmen will begin cutting the archways between the various storerooms next Monday.

NEW INSTRUCTOR AT THE SCHOOL OF MUSIC

The registration of pupils at the Arizona School of Music for the fall term beginning next Monday, gives promise of a most successful year. Up to the present year the school has employed but one violin instructor, but under Frank Lloyd Stuchal the work has grown so that it is necessary to add another teacher. Miss Pauline Bullock is the latest addition to the musical faculty of Phoenix. Miss Bullock is a charming young woman from San Angelo, Texas. While she received her early training in San Antonio, going from there to the Cincinnati Conservatory where she was a pupil of Tirindelli. She was for some time a pupil of Henry Schradieck in New York. Miss Bullock will be heard in some of the faculty recitals scheduled to take place early in the season at the school.

CALL FOR BIDS
Phoenix, Arizona,
Sept. 16, 1915.
SEALED PROPOSALS will be received at the office of the City Clerk, City Hall, Phoenix, Arizona, until Ten o'clock A. M. Wednesday, September Twenty-second, 1915, for supplying the City with one 18 h. p. traction engine, of Caterpillar type.
The right is hereby reserved to reject any or all bids and to waive any informalities in any proposal.
ROBERT A. CRAIG,
City Manager.

RICEY IS OUT FOR ECONOMY

Commissioner Suggests the Dispensing with Clerk for Magistrate's Office. Then Votes to Appoint Assistant City Attorney.

The city commission held a short session yesterday afternoon at 2 o'clock but in the absence of Commissioner Corstien transacted but little business. The appointment of George D. Christy, as city attorney and L. M. Laney, as assistant city attorney, was made official. Commissioner Ricey secured the adoption of a motion instructing the city attorney to draft an ordinance segregating the city money into various funds from which warrants may be drawn for the operating expenses of the city.

Commissioner Ricey suggested that for purposes of economy the city manager might find it possible to dispense with the services of a clerk in the office of the city magistrate. He explained that there is now an employee of the city who could act as interpreter when necessary and that the other work of the present clerk would be attended to by the magistrate himself or by some other clerk now not wholly employed in the work assigned them. Commissioner MacBean stated that he had been given to understand that since the city magistrate had taken concurrent jurisdiction with justices of the peace that the clerical work in his office had more than doubled. He questioned the wisdom of dispensing with the clerk.

Mayor Young was the only member of the commission to vote "no" on the proposition to appoint Attorney Laney as assistant to City Attorney Christy. He explained that while he had the highest regard for the ability and integrity of Mr. Laney, he did not feel that the city required an assistant city attorney any more than a dog requires five tails. He thought Attorney Christy competent and able to handle all the affairs of the office without an assistant.

Adjournment was taken subject to the call of the mayor who announced there would be no further meetings until Commissioner Corstien had returned.

Roosevelt District

The Roosevelt schools opened on Monday, September 13, with a total enrollment of 168. Domestic science and manual training have been introduced under the instruction of Miss Hunt and Mr. Biggs. Nine teachers are employed.

There are four buildings: a main building for third, fourth, fifth, sixth, seventh and eighth grades with a primary building adjacent for first and second grades; and two ward schools, one east and one west of the main building, for the first three grades. The east ward school and the primary building are quite new. They are equipped with the best school furniture, good heating facilities, and are constructed throughout in such a manner as to be a source of pride to the people of the district.

AMUSEMENTS

CHAPLIN AND WALTHALL STARS AT THE EMPRESS

As a rule one noted star is enough to appear in one program but the manager of the Empress is never satisfied and wants to give his patrons the best there is going, so there will appear two of the greatest film stars in the same program in the way of a double feature for the next two nights. The first question in your mind will be is it comedy or

If you are in doubt as to what is correct in women's, misses' and boys' apparel—see our display.

BROTHER OFFICERS AT THE ARIZONA TODAY

"Brother Officers," Leon Trevor's delightful melodrama, will be the offering at the Arizona today and tomorrow and it is safe to say that the film presentation of the play in four Paramount reels, will prove fully as popular. A picture of English army life, with the opening scenes laid around the race track, where the hero's father does a bookmaking business, the production is one that holds the spectator from the very start. The scenes at Khyber pass, where Sergeant Hines, now grown up, saves the life of his captain, are among the best in the offering.

Henry Ainley plays the role of Hines and Charles Rock that of the villain, Jim Stoddard. The picture is one that will prove fully up to the Arizona's standard, and that is saying a good deal.

AMERICAN FIBER AND JANE COWL AT LAMARA

Beautiful Jane Cowl will appear at the Lamara theater today in the great Universal Broadway feature "The Garden of Lies" from the book by Justus Miles Forman, the young author who lost his life in the Lusitania disaster. "The Garden of Lies" is a romantic story of an imaginary European kingdom where the beautiful princess loses her mind soon after her marriage with the prince. The prince is called away on affairs of state and the courtiers and the court physicians and the girl friends believe that they can make the girl regain her reason if they get somebody to impersonate the prince while the real prince is away.

An American adventurer is pressed into service. He begins his structure of lies. They are immense. They are such as to cause the young princess to really fall in love with him and thus gain her reason. When the real prince comes to claim his own imagine what sort of a denouement is presented. However, the prince and the impostor chum together

readily and shortly after enter an expedition together for the rescue of the princess who has gotten away somehow. In the course of events the prince gets killed and the princess and the American get married and settle down. During the course of the action which is swift and sensational Miss Cowl, who made such a reputation in "Within the Law" wears some wonderful creations in the shape of gowns.

Walter Edwards at the Lion
A remarkably strong drama "The Ace of Hearts" featuring Walter Edwards and supported by Chas. Ray and Ethel Ullman, is shown at the Lion theater today. It is a mystery story abounding with beautiful scenic effects and the avalanche and struggle in the snow is a splendid piece of work. Walter Edwards is an actor of ability and "The Ace of Hearts" a drama well worth seeing. Two comedies are on the bill today. Fay Tincher playing the leading part in a mirthful film "Unwinding It" the situation hinges around the love of a shop girl, and a ten dollar bill. It's a comedy that will tickle any audience. A rather amusing comedy with Dot Farley in the lead is "Aunt Matilda Outwitted". Two pretty nieces get the best of Aunt Matilda in this

picture which is very laughable. The Lion announces Wm. S. Hart in "The Ruse" for Sunday which is an extraordinary picture.

At the Plaza
The second series of the Mexican war pictures will be shown at the Plaza theater today. Yesterday the first series was shown and they proved to be motion pictures of deep historical interest, showing the incidents of the rise of Francisco Madero up until Felix Diaz organized the outbreak against him at Vera Cruz. Today the pictures take up the history from the time that Madero held his great review of the forces through the period of his assassination and the dictatorship of Huerta, the revolt of Carranza the victories of the armies of Villa and Obregon down to the time that Carranza broke with Villa and Zapata and the present war became a reality. There are five of these reels and if the second installment is as good as the first, there will be Mexican war pictures shown here today that have never been seen in Phoenix before. Manager Cavanaugh has gone to considerable trouble to get these pictures and his pains were yesterday rewarded with good crowds.
